আমার কলেজের সব স্যার মিস খুব খুব ভালো♥♥

I have no suggestions because sir's r teaching very well.

I strongly believe that our facility is extremely stalwart and assiduous but rather than bengal I feel like if our respected professors translate just some short details about the topic in english

then that will be great because sometimes it gets a little difficult for the comprehension of the english version students.

Ok

Nothing as such but, I do feel that, the administrative could have a bit more responsive to the students so that, they don't feel harassed.

1. Good library.
 2. Good faculty members.
 3. Good infrastructure.
 4. Big play ground.

All Office worker's behaviour is rude and disrespectful

Teachers & students are both active in classes.

To continue classes in every day.

After all I got a very good education ...in my college

Professor always help students for study.

I am pretty sure that to our college teacher's guide us very well but after the lockdown We are not able to complete our syllabus in just few months because there is remain our whole syllabus so that is not our teachers fault because after this pandemic they could not get time to teach us as well as west Bengal govt announce the summer vacation so their is lot of time pass off so i claim that we need to online exam.

Online

Online

In this situation, I am very happy with our college because in this pageant time all are class are attending in online. In the class we meet together on Google meet and there will be held a very useful and very eco friendly study centre on meet. Our teacher are very very active to our class and teachers very well. First time I teaching for my teacher offline mode this was very lazy and very uncomfortable for me because there are many student who are not attending their class because of College location so it is very useful for every student to join every class on online.

I request 2 our honorable principal that he will conduct our class on online also assignment other class others notes also attendant in online. thank you.

All the teachers in our college explain and teach every topic with meaning. I think our teaching experience will improve if every teacher teaches in this way.

Some extra book session and study materials.

Outstanding

I want online exam because syllabus not cover with teachers

Nothing one of the best college.

Comprehension of lessons plays or dramas in the syllabus would've been better with increasing of use of projector or multimedia devices like that.

Extra class

Overall the experience is very good

Everything is good 😊 Some things are not in anyone's hand . So I am happy about my education .

No comments.

1) New technology monthly updates can be given. Activity based learning may be implemented.

2) Many competitions can be conducted and more informative seminars, lecture by an expert required.

3) More emphasis on skill based learning and promoting entrepreneur skill needed.

The whole Institution needs upgrades like the male and female toilets are awful or not usable and the institute charges are unfair.so take care about these things.

I want online exam Because syllabus is not be covered all..

If possible some doubt clearing class could be arranged by faculty members.

Improve to your clark behaviour. And fill the teacher vacancy in Every department as soon as possible.Thank You.

Class should start from the very beginning of end of a sem with a proper class routine

Please start all courses properly in day one to end of exams.

After the end of semester the class should be started from day one with proper routine.

Not a teaching - learning suggestion, but the institution need to look after the quality, quantity and hygiene of the washrooms available in the campus. Most of the washrooms are not clean and less in quantity. Some buildings have only gents washroom and some have only ladies washroom. The institution should take care of this.

Be more responsible

Using student centralized education system & focus on the students problems.

নতুন প্রযুক্তির মাসিক আপডেট দেওয়া যেতে পারে। কার্যকলাপ ভিত্তিক শিক্ষা বাস্তবায়ন করা যেতে পারে।

Our college is great and our teacher is great...

Smart class is very important in our college

all good, nothing to say

Cleanliness is very bad, maintenance is bad.. classroom are not clean.. materials of classroom are not clean... Fan window etc are in a very very bad situation.. college compound is not clean at all.. no sports activities... Look at this problems.. hope you have looked into this.

If the institution takes some more initiative in the extracurricular activities then I guess students involvement will be more and other talents of our child will also appear rather than only the academical development. At that point a student will achieve all over development.

I think collage student union was very harmful for students

What one or two specific changes/improvements would you recommend and why?

- Nothing
- No

- NA
- At the time when I was a student of this institution, I had faced lot of trouble regarding the official works or administrative works. We gradually stand in queue for hours. It should be improved. Without this everything is supremely well.

Everything looks good

Student strength should be less and number of teachers should be more. Classes should be more frequent and favouritism shouldn't be entertained.

Overall, a very good institution in Burdwan.

Annual reunion of the alumni, and annual picnic for the current students

Nope

Our college „specifically our department and the faculties(English) is the great... So,, It should remain like this forever... Nothing change is needed...

A good Play ground and a better library

A particular room for English department should be selected.

The environment of the college needs to be improved and the connection between the teacher and the students should be promoted a bit more

Alumni should remain functional, for NAAC or no NAAC

The activities of the political interests of the student union must be very selective. It hampers the rhythm of the classes.

Inviting reputed academicians as visiting faculties would enrich the departments.

This college must have a Boy's Hostel as many students come from rural areas.

Communications with college should be more improved...

None

The cycle stand should be little bigger and the quality of food in the canteen must be improved.

This Institution gives good education to students.

Betterment of the boys' common room so that students would actually go there.

I don't think there is any need for that. Everything is fine.

I don't want any changes

Infrastructure

Development in ICT, as it is the demand of the age. Online mode of education can reach a great number of students.

Noting

Need some better supply of water in washroom

Better water supply in the washroom

Nothing...

The classroom needs to be cleaned properly. Ceiling fans need to be serviced.

All is well of my "Alma mater"

About my perception everything is ok about education, but student union's nature with students should be polite and loveable.

Boys' Common room
Washroom quality
These two need to be improved

Regular classes and a clean campus because that's what desirable from a prestigious educational institution

1. Improvement in official website
2. Punctuality in office work section. e.g.,
Distribution of admit card and marksheet, form fill
up etc.

I am satisfied 😊

I was totally satisfied with the education system.

No comments

Alumni interaction with the would be graduates.

The Gents toilet should be improved by cleanliness
and hygiene and should be more in quantity. Like
there's no washroom for boys in the Library Building
and there's no girls washroom in the Main Building
as well. So the institution should have some concern
in this matter.

1) academic counseling sessions to pursue higher
education.
2) motivation cum career counseling.

Take care of all students

Canteen facility improvement, Sports facility
improvement, More classroom in Botany & zoology
department.

Everything could be changed for better except
Santosh sir.

Abolish the overower of sangsad on students

Motivate students to attend the class not private
tuition. Include some extra curricular activities.
Smartness is important with knowledge to present
oneself in front of the world.

Need more professors for the department of English
as we think, Maintenance of the rooms and need of
sufficient books in the library.

More books in the library, clean classrooms, little more maintenance is required.

No.. Reaction

Good qualified permanent teachers
Better lab infrastructure
Carrer counselling to Undergraduate
Placement at certain level

Good

none

Canteen is needed for the student.

College canteen service

Practical laboratories must be improved, and college website must be improved

In concern of Changes college management should remove the political part which is not any use and should not allow any politics within college premises. Also college management should look into the admin section/cash section where students has to submit their fees and collect results/certificates, students are geting huge issue during collects their certificates.. I have not got my final certificates and final result after so many followups.. In concern of improvements college management should improve the labs like chemistry lab, zoology lab & microbiology lab so that students can get proper class for the same..
Thanks ..

Everything is good

Microbiology lab should be upgraded

College should have a placement cell

boys's hostel

N.A.

1. A separate department for the English Honours students.
2. Please detach the girls' common room from Ashapurna Devi Girls' Hostel because it is too difficult for the hostel boarders to concentrate on their studies in that noisy situation.

Canteen should be there for availability of good food and bathrooms should be more cleaner to maintain proper hygiene.

A better Female-Friendly toilet is needed

Use projector for better understanding in the class

Need more books in library

Not such

More teacher and laboratory improvement

Teaching progress

ICT, Digital classroom, more books at library, e-resources, archives,

Improvement of Library and Research facility

- Improvements recommended are as follows,
1. Number of teachers should be more than 3
 2. Have to increase the number of books in library

OPAC service should be conducted to create digital catalogue of library holdings
Departmental journals (preferably with an ISSN) should be brought about

Departmental journals (preferably with ISSN) should

be brought about
OPAC Service should be started to digitise library catalogue

Everything is good. No change is required.

As a student of English I would like to see that my department will give a chance to students of English to appear M.A from the institution by getting an affiliation for M.A.....Because it will be productive and effective for all the students of English....

More flowing plants in front of hostel campus and ground

Education and infrastructure is good, but the college administration system needs some improvements.

Toilet facilities and
Common room facilities are not good on my time.

No recommendation

First of all our institute should focus on improving students soft skills, in today's world you can't survive without this. Our institute should provide some spoken English classes to the students as most of our students from rural background.(And also computer)
Secondly, every department should look into the confidence of students and make them more practical.

I wish to have Smart classrooms, better lab, well maintained and well decorated campus and buildings in the college..... Because it will help the students with the attractive learning environment.

Administration system should be more punctual and effective.

1.Improve stocks of books in library. 2. keep politics out of the institution.

Better canteen than that of ours. Better library

facilities.

Need more permanent faculty in our department(zoology)

Industrial expose, Research project for B.Sc. students.

No comments

Teaching skills need to be based on practical aspects. Not only that syllabus need to be prepared depending upon the competitive exams like NET, GATE, SET. So thus students feels easy to crack the exam.

Recruiting full time teachers and technicians and improving the practical courses, especially in Science subjects will build more skills which is required to be creative as well as finding something for making a living with education.
